The above chart shows the normal weeks that varieties of fruit planted at Gogle Farms will ripen. Depending on actual weather conditions, the fruit may ripen earlier or later by 1-2 weeks. Call ahead or check Facebook to confirm the true ripening schedule for the present season. Fruit and varieties listed as "No PYO" are only available pre-picked from our farm stand - Pick Your Own not offered on these fruit. Some varieties of Apples may be available from our cold storage longer than the Pick-your-Own period shown above.
