This chart shows the normal weeks that varieties of fruit planted at Gogle Farms will ripen. Depending on actual weather conditions the fruit may ripen earlier or later by a week. Call ahead or check Facebook to confirm true ripening schedule for the present season.

Fruit and varieties listed as "No PYO" are only available pre-picked from our farm stand - Pick Your Own not offered on these fruit.

Some varieties of Apples may be available from our cold storage longer than the Pick-your-Own period shown above.
